**Mederi Medicine: A Clinical and Scientific Based Whole-Systems Model for Health Optimization and Disease Management**

Presented by: **Donald R. Yance Jr., CN, MH, RH (AHG), Clinical Master Herbalist and Certified Nutritionist; Founder and President, Mederi Foundation, Ashland, OR**

**MONDAY, JUNE 26, 2017**

4:00 – 5:00 P.M.

**WHERE**: HMRI Research Conference Center, 734 Fairmount Avenue, Pasadena, CA 91105

**ABOUT THE TALK**: The Eclectic Triphasic Medical System (Mederi Medicine) has been developed and honed by Donald Yance over 30 years working with thousands of patients with a focus in integrative oncology. Mederi medicine is taught to physicians and other practitioners throughout the U.S. and internationally. Through detailed assessment of the host, microenvironment, and disease, clinicians are able to evaluate patients utilizing a whole-systems methodology that combines traditional and modern-scientific techniques and apply five therapeutic ‘toolboxs’ to aid patients in improving their quality-of-life and overall health status.

**TARGET AUDIENCE**: Physicians and health care professionals, students of medicine and science.

**LEARNING OBJECTIVES:**

- Understand how to evaluate the host, micro-environment, and disease within a whole-systems model
- Identify key biomarkers to assess in age related decline and chronic disease
- Discover novel botanical and nutritional therapeutics to strengthen the host, reduce allostatic load, and maintain optimal homeostasis

**ABOUT THE SPEAKER**: Donald “Donnie” R. Yance is a Clinical Master Herbalist and Certified Nutritionist renowned for his extraordinary knowledge and deep understanding of the healing properties of plants and nutrition, as well as epigenetics, laboratory medicine, oncologic pathology, and molecular oncology. He lectures nationally and internationally on his pioneering work in the field of botanical and nutritional medicine in cancer. He is a professional member of the American Herbalists Guild and the National Association of Nutrition Professionals. He is the Founder and President of the Mederi Foundation, a not-for-profit organization for professional education and clinical research in holistic medicine and integrative oncology.
